DOCTOR OF PHYSICAL THERAPY

Introduction:

Doctor of Physical Therapy (DPT) program offers an exciting and rewarding career path dedicated to improving the quality of life for individuals through movement and rehabilitation. This 5 years degree program equips students with the advanced knowledge and clinical skills necessary to assess, diagnose, and treat a variety of conditions ranging from musculoskeletal disorders to neurological disorders. With an emphasis on evidence-based practice, students learn how to develop and execute individualized treatment plans to help patients regain normal life functions and mobility. Join us in this transformative journey and become a leader in the field of physical therapy, committed to promoting health and wellness in your community.

VISION

Our Doctor of Physical Therapy (DPT) Degree program is designed to prepare future leaders in the field of physical therapy who are committed to lifelong learning, professional advancement and providing excellent care to a diverse patient population.

MISSION

Doctor of Physical Therapy program is aimed at providing a rigorous, clinically oriented education and training that integrates basic sciences, clinical practice, and professional ethics. We strive to empower students to become healthcare leaders, advocates for patient-centered care, and professionals to bring positive change in the field of physical therapy.
