# Faculty of Information Technology

## INTRODUCTION:

Faculty of information technology offers programs that produce well-versed computer specialists to meet expectations of the market. Our curriculum is on par with the best in the Pakistan. It gives our students opportunities to adapt themselves to emerging technologies and innovative ideas. The institute is keen to prepare its students to meet the needs of global as well as Pakistani companies; therefore, our pedagogy includes extensive laboratory work, independent projects, field work, task-based teaching and extensive research projects.

Faculty of information technology provides a comprehensive education in various facets of computing, with a particular emphasis on Machine Learning, Deep Learning, and Artificial Intelligence. The curriculum is designed to equip students with the skills needed to thrive in an increasingly digital world. The Final Year Project and Thesis Defense serve as critical components of this journey, offering students practical experience and an opportunity to demonstrate their expertise in their chosen fields. Through these experiences, students not only gain technical proficiency but also the ability to solve complex problems and innovate in the rapidly evolving field of technology.

## FACULTY OF INFORMATION TECHNOLOGY:

University has outstanding faculty with immense experience of teaching and research in leading universities. A majority of them exhibit industrial experience. The faculty is keenly engaged in developing solutions for the contemporary problems using high-tech concepts. Such projects have great potential for local as well as overseas funding and grants. Our faculty provides guidance to conduct research in many areas including Artificial Intelligence, Bio-Informatics, Computational Genetics, Computational Linguistics, Networking, Wireless Networking, Databases, Distributed and Parallel Computing, Information Security, Multimedia and Game Development, Computer Graphics and Visualization, and Software Engineering.

## FACILITIES:

The laboratories in the Faculty of information technology at SBB Dewan University provide students with hands-on experience in analysis, design, coding and testing activities for computational problems. Computing tools and devices are powered by a state-of-the-art data center to assist the development and analysis of computing intensive applications. The laboratories provide opportunities for students to explore and learn core computing practices and prepare them to tackle real-world problems.

## VISION

To enable for the younger generation to successfully usher in the contemporary digital age.

## MISSION:

To produce qualified leaders in information technology equipped with modern knowledge, skills and attitude to be innovative professionals and entrepreneurs at the service of Pakistan.

## FACILITIES

Generous Scholarships on Need/Merit Basis from Dewan Group

- Affordable Fees
- Spacious Campus
- Highly qualified Faculty
- Air Conditioned Class Room
- Well Stocked Library
- State of the Art Computer Labs

## Eligibility Criteria for Admission:

Minimum 50% Total Marks in Intermediate /  
A Levels followed by Entrance Test & Interview

Fee Structure for BSCS Program	
Admission Fee	10,000/- One Time
Enrolment Fee	10,000/- One Time
Tuition Fee	65,000/- Per Semester

# Study Plan for BS (Computer Science)

## 4-Year Program (8 Regular Semesters of 16-18 weeks each)

### Scheme Of Studies BS Computer Science

#### Year 1

Semester - I			Semester - II		
S. No.	Course Title	Credit Hours	S. No.	Course Title	Credit Hours
01	Programming Fundamentals	4(3+1)	06	Object Oriented Programming	4(3+1)
02	Introduction to Information and Communication Technologies	3(2+1)	07	Database Systems	3(2+1)
03	Discrete Structures	3(3+0)	08	Digital Logic Design	3(3+0)
04	Calculus and Analytical Geometry	3(3+0)	09	Multivariate Calculus	3(3+0)
05	Functional English	3(3+0)	10	Linear Algebra	3(3+0)
